CONTRACT BARGAINING SURVEY

The International Union of Operating Engineers, Locals 3, 12, 39 & 501 are distributing this questionnaire to help us prepare for our upcoming negotiations with the State of California. The current contract will expire on July 1, 2015. The results of this questionnaire will be used by your bargaining team to determine which issues are important to our membership, and to help us develop our contract proposals and set overall priorities.

Please prioritize the issues below. Your answers should reflect your thoughtful view of what is most critical to you in the current economic climate. This survey will be used to determine which issues you are willing to fight for.

The Union appreciates your support and participation in this very important process. Please help us spread the word and encourage your coworkers to complete the survey as well. Completed surveys should be faxed back to the Unit 12 Central Office at (916) 444-6877 no later than February 27, 2015.
