

EDWARD J. CURLY
BUSINESS MANAGER

January 29, 2016

Dear Caltrans Unit 12 Workers,

This letter serves to inform you that the representation duties regarding State Unit 12 MOU have been transferred from IUOE Local 12 to IUOE Local 501 effective February 1st 2016.

Currently Local 501 represents other classifications under the same MOU and has experienced field and office staff dedicated to that specific MOU. This transfer of duties and membership will not affect your dues rate, wages or benefits.

You will be receiving notices in the mail announcing monthly district meetings and general membership meetings that only Union members can attend. If you are not a member of the Union you have the right to join and become a member and encourage you to do so and participate in the functions of the Union.

Local 501 has an interactive website where you can obtain information about the Union and what Local 501 offers to its members including contact information for Representatives.

In closing I welcome you to Local 501. I hope you find this change positive; it is my intention to serve you at the best of my abilities.

Fraternally always,

Edward J. Curly
Business Manager
